Nema 3R Fans

Nema 4/4X Hoods

Cabinet coolers for harsh environments

**Pfannenberg, Inc.** specializes in thermal management equipment for Industrial enclosures (i.e. drive panels, PLC enclosures). Their New York location engineers and produces products such as filter fans, cooling units, heaters, air/water heat exchangers, chillers,... **Industrial safety lights and sounders**

*Compact LED multi-color/sound Nema 4X*

**Enclosure Solutions** offers a *CUSTOM Non-metallic enclosure:*  
**Universal™ Series PVC Enclosures**

NEMA 4X enclosures ranging from 18"x16"x10" to 60"x36"x16"

Window kits are available featuring stainless steel hinging & quarter-turn latches.

**Compact General Purpose Industrial Power Supplies – saves space and money!**

- The New LP 11xxx series is **UL 508 Listed**
- 100 W-300 W; 24V DC single phase are available
- With an output voltage Monitoring display
- 3 Phase 24VDC power supplies also available

**Cimon HMI's**

- Avail sizes: 4", 7", 8", 10", 12", 15"
- Ethernet
- VNC server option – monitor and control remotely with a mobile devise
- C1D2 - 7" model available
- **Full line of PLCs and Panel PCs**

**Rstahl – PurgeEx Z,Y, and X Purge**

- Stainless steel or anodized aluminum(NEMA4,4X)
- Small profile and light weight – small installation footprint
- Dry contact output for remote monitoring comes standard
